

Halifax Field Naturalists Walk: Graves Island

**New Date and
Start Time!**

Saturday, 4 April 2026

Start: 11:30 AM (about 3 hours on the trail)

**Graves Island Provincial Park
230 Graves Island Road
East Chester**

**Variable Difficulty: Good, dry but uneven trail.
- dress appropriately for the weather**

Gareth Harding, our HFN Newsletter Morar Notes contributor and reliable HFN walk leader, will lead this walk to Graves Island Provincial Park. As a late March walk, it has all the makings of excellent seabird and waterfowl viewing, along with some more common birds thrown in. The well-treed, 3 km Graves Island Coastal Trail overlooking Mahone Bay should make for a wonderful outing. This walk may well take some of our long-time members back to the days when this type of event was the norm. Note binoculars, cameras, warm clothing and footwear plus a good thermos are all recommended. **Registration is required, and a non-member \$10:00 fee will apply.**

To register, contact Bernie McKenna 902-434-3202, mckennab197@gmail.com
